To achieve this, we draw on the expertise of some of the most experienced and specialised professionals in the industry and we limit the size of our groups. The following diagram captures the Academy approach to learning. We aim to achieve the bulk of our learning in the biggest circles.

Class sizes are limited to enable a supportive learning environment in which no committed participant gets left behind. Delegates will be required to bring a laptop or tablet in order to make full use of the online learning environment during the sessions.
