2. THE PURPOSE OF THE BLITZCAMP

An introduction to the investment business industry providing a broad overview of how an investment management business is structured and the workflow through the firm. This Blitzcamp builds on the foundational learning from the Financial Services Industry Overview Blitzcamp showing delegates how investment research, portfolio management, dealing, administration, governance and technology fit together at an investment management firm. It also considers how the firm interacts with other industry players such as stockbrokers, the JSE and other exchanges, STRATE and outsourced service providers.

3. APPROACH TO LEARNING

We work hard at the ASISA Academy to ensure every learning experience is as interactive as possible. To achieve this, we draw on the expertise of some of the most experienced and specialised professionals in the industry and we limit the size of our groups. The following diagram captures the Academy approach to learning. We aim to achieve the bulk of our learning in the biggest circles.

Class sizes are limited to enable a supportive learning environment in which no committed participant gets left behind. Delegates will be required to bring a laptop or tablet in order to make full use of the online learning environment during the sessions.
